

The Lodge at Woodloch Celebrates Mothers Through Mother Earth **This May, our undivided attention will go to celebrate the mothers in our life, even Mother Earth**

Hawley, PA- April 4, 2013- It is no wonder that The Lodge at Woodloch has special plans to pay tribute to all moms this May. The award-winning destination [spa resort](#) is the perfect location to give mothers the free range to dote on one person, and one person alone, themselves. The luxurious sanctuary is located on over 150 private acres and is only 95 miles from the New York City and Philadelphia metro areas, yet it feels like worlds away. "Moms are known for being nurturing and caring and sacrificing their own well-being for the benefit of others," states Nancy Deaton, Spa Director. "While we certainly don't want to change the mentality of giving too much, we can offer a well-deserved break from it all." The Lodge at Woodloch has a philosophy of personal awakening, allowing guests to rediscover their passions and interests that often get put aside. A tiny token of appreciation to the person who has done so much is the gift of time, the gift of health and wellness and of course the gift of pampering. Throughout the month of May*, a mother will receive a 30% discount on her stay when booking a room with her daughter(s) for two nights or more on the [Mother-Daughter Getaway](#). In addition, a special amenity has been hand-selected to help celebrate all that mothers do and will be provided in the room at check-in. This package is available for the Complete Spa Plan or Intro to Spa Plan.

The Mother-Daughter Experience Includes:

- Lavish accommodations
- 3 gourmet meals daily
- Stimulating speakers and workshops
- Experiences for the mind, body and soul

In special homage to the month, The Lodge's team of experts has highlighted and increased unique programming that focuses on Mother Earth. From Nocturnal Hikes, Astronomy Workshops to Garden Walks, Wild Crafting and Garden-Fresh Cooking Demonstrations, this month's focus will help highlight all that Mother Earth gives to us.
